

PRESBYTERIAN COLLEGE

IRB CHECKLIST

Institutional Review Board Policy

Presbyterian College's policy requires review and approval of all activities which involve using human subjects in research. The College Institutional Review Board (IRB) is responsible to the Provost of Arts and Sciences. Approval of the IRB must be obtained prior to involvement of human subjects. Failure to have human subjects research reviewed by the IRB, including those protocols believed to be exempt, is a violation of College policy and will be reported to the Provost of Arts and Sciences or the Dean of Pharmacy for disciplinary action. Possible sanctions include loss of faculty development funding, participation in the Summer Fellows program, and/or other research grant opportunities. Disciplinary action is ultimately at the discretion of the Provost of Arts and Sciences or the Dean of Pharmacy.

- Moderate exercise by healthy volunteers.
