Please read the NAPLEX/MPJE Candidate Registration Bulletin thoroughly to ensure that you understand all the policies and procedures for taking your examination. This bulletin contains information for all registrations and scheduling of NAPLEX and MPJE appointments beginning January 1, 2016.
Preamble and Mission Statement of the National Association of Boards of Pharmacy

Preamble

The National Association of Boards of Pharmacy® (NABP®) recognizes and supports pharmacists serving as the health care professionals responsible for providing patient care that ensures optimal medication therapy outcomes. NABP also recognizes the ongoing and critical need for patients’ medications to be managed by a licensed pharmacist and state regulatory agencies to aggressively enforce standards of care.

NABP Mission Statement

NABP is the independent, international, and impartial Association that assists its member boards and jurisdictions for the purpose of protecting the public health.

The information below is provided to guide you through the key steps in registering for and taking the North American Pharmacist Licensure Examination® (NAPLEX®) and the Multistate Pharmacy Jurisprudence Examination® (MPJE®) as well as obtaining score reports. It answers the most frequently asked questions about both examinations. Please read this information carefully and refer to the appropriate sections of this Bulletin for detailed information. If you have additional questions, refer to the “NAPLEX/MPJE Contacts” section on page 38.

**Before the Examination**

- **Read this Bulletin carefully.**
- **Know Your Licensure Requirements.** For specific requirements, contact the board of pharmacy for the jurisdiction in which you are seeking licensure.
- **Request ADA Testing Accommodations.** If you require Americans with Disabilities Act (ADA) testing accommodations, contact your jurisdiction’s board of pharmacy as early as possible for information about the necessary procedures. If you are selecting Florida or Utah as your primary jurisdiction, see instructions on page 9.
- **Create an NABP e-Profile to Register.** Create an NABP e-Profile at https://store.nabp.net and register for your examinations online. Make sure the name you use to register matches the two IDs you will use to check in, including middle name or middle initial. See pages 14-16 for a detailed explanation and examples.
- **For Utah Only: Submit NAPLEX/MPJE Eligibility Request Form.** At the request of the Utah Board of Pharmacy, NABP will review required documentation to qualify individuals to sit for the NAPLEX/MPJE for candidates who choose Utah as their primary state of eligibility. See page 9 for more information.
- **Check Registration Status.** Log in to your e-Profile to check your registration status. See the glossary on pages 39-40 for further explanation of each status.
- **Schedule Testing Appointment.** After you receive your Authorization to Test (ATT) letter, visit www.pearsonvue.com/nabp or call Pearson VUE Customer Service at 888/709-2679 to schedule an appointment. It is important to make your appointment as soon as possible. See page 11 for further explanation.
- **Consider Taking the Pre-NAPLEX®.** See page 25 for information about the Pre-NAPLEX practice exam and how to register.
- **Request an e-Profile Name Change.** If your name has changed since registering for the exam, you must submit the relevant notarized form(s) and legal documentation to NABP at least five business days prior to your examination. If you fail to meet this requirement you may not be admitted to the test center. See page 14 for instructions.

**Examination Day**

- **Arrive Early.** Arrive at the Pearson Professional Center at least 30 minutes prior to your testing appointment.
- **Bring Acceptable Identification.** Bring two forms of acceptable identification. Acceptable identification is defined and examples are provided beginning on page 14 of this Bulletin.
- **Do Not Bring Prohibited Items Into Test Room.** Be aware of items that are prohibited from the testing room at the Pearson Professional Center. You may wish to leave these items at home. See page 17 for a list of prohibited items.
After the Examination

- **Request Score Transfers.** If you wish to participate in the NAPLEX Score Transfer Program, you must register your score transfer requests by logging in to your NABP e-Profile. Score transfer requests may be submitted online up to 90 days after taking the NAPLEX. More information on the Score Transfer Program can be found on page 36.

- **Review Your Results.** Your examination results will be provided to you by the board of pharmacy from which you are seeking licensure. If your jurisdiction’s board of pharmacy participates in NABP’s online score reporting, you may access your results by logging in to your e-Profile. The results will be available within seven business days of taking the exam. See page 33 for more information.

If You Miss the Examination Appointment

- **Request a Resit.** If you miss the exam or fail to cancel the appointment at least two business days in advance, you may request a resit five business days from the missed exam date. See page 7 for more information.
Welcome to the NAPLEX and MPJE

The NAPLEX and MPJE are developed by NABP for use by the boards of pharmacy as part of their criteria for assessing candidates’ competence to practice pharmacy.

**NAPLEX and MPJE Registration Fees**

<tr>
<td><strong>MPJE®</strong></td>
<td><strong>$210</strong></td>
<td>Multistate Pharmacy Jurisprudence Examination*</td>
</tr>
</tbody>
</table>

* The MPJE registration fee will increase to $250 on April 12, 2016. See page 4 for additional information on special registration deadlines for the current MPJE.

**Online Examination Registration Through Your NABP e-Profile**

Online registration for the NAPLEX, MPJE, and NAPLEX Score Transfer can be accessed via the “Programs” page of the NABP website, available at [www.nabp.net/programs](http://www.nabp.net/programs). Click on **NAPLEX** or **MPJE**, then click the “Registering for...” link in the left navigation panel.

To register, you must log in to your NABP e-Profile. If you do not have an NABP e-Profile, you can create one by following the steps below.

- **Note:** A Social Security number is required to create an e-Profile. If you do not have a Social Security number, contact NABP Customer Service Monday through Friday, 9 AM to 5 PM Central Time, at 847/391-4406, or by email at custserv@nabp.net.

Candidates must provide all the requested information and pay the relevant examination fee(s) as instructed.

- See the “Authorization to Test” section on page 11 for more information.

**Creating a New e-Profile in Order to Complete the Online Examination Registration**

- If you already have an NABP e-Profile, skip to the “Completing the Online Examination Registration Form” section on page 5.

1. Visit [https://store.nabp.net](https://store.nabp.net); click on the Create an e-Profile button.

2. **Read and Agree to Terms of Service**
   - Read the Terms of Service and select the box to acknowledge and accept the Terms of Service. You will be unable to continue without accepting these terms.

3. **Select Products and Services**
   - On the “My e-Profile” page, check the NAPLEX, NAPLEX Score Transfer, MPJE, and Score Results box and the corresponding boxes for any additional products or services you plan to use.

4. **Enter Personal Information**
   - When completing this section, all pertinent information (maiden name, Social Security number, date of birth) must be entered.
Name

**Important:** Your name – including last, first, middle name or initial, and suffixes – must be entered exactly as it appears on the two forms of identification you will present at the testing center. Always use the same form of your name when scheduling a testing appointment.

More information on registration and identification name matching requirements is available on pages 14-16 in the “Identification Requirements” section.

Email Address and Password

- The email address you enter will be the username you use to log in to your e-Profile.
- Your password must be at least six characters long and must include at least one letter and one number.

5. **Enter Contact Information**

Enter your home or business address, phone number(s), and other contact information. On the next screen, confirm that your contact information is correct.

6. **Create Security Questions**

Remember the answers to your three security questions. This information will be used to confirm your identity when you contact NABP Customer Service or if you forget your password.

Once you complete step 6, you will receive an email with your e-Profile ID. Your e-Profile ID number will also appear in the upper right corner of the screen when you are logged in.

**Note:** To ensure timely and accurate assistance, always include your e-Profile number when contacting NABP.

**MPJE Registration Deadlines**

Effective April 15, 2016, the updated MPJE will be available at Pearson VUE testing centers (see page 27 for more information). On April 12, 2016, registration will be open for the updated MPJE. The fee will increase to $250. Scheduling for the updated MPJE must take place on or after April 15, 2016.

**Important:** If you will graduate by April 3, 2016, and you wish to take the current MPJE on or before April 10, 2016, you must register for the MPJE by April 3, 2016 (see instructions above). Registration will be closed from April 4, 2016, through April 10, 2016.

You must then complete the steps below in time to schedule and take the MPJE by April 10, 2016:

- Be granted eligibility by the board of pharmacy in your primary state or jurisdiction.
- Receive an ATT from Pearson VUE.
- Complete any change of jurisdiction.

If you register for the MPJE by April 3, but do not take the exam on or before April 10, 2016, your registration will be canceled and your fee refunded. You will then need to register for the updated MPJE on or after April 12, 2016, and you will need to be granted eligibility again by the board of pharmacy.

Please note that if you have requested a resit, but do not take the MPJE by April 10, 2016, your resit fee of $90 will be refunded on or after April 11, 2016. You must then register for the updated MPJE and pay the new fee of $250. No refunds will be issued for change of jurisdiction. If you change your jurisdiction, but do not take the MPJE by April 10, 2016, you will need to register for the updated MPJE and pay the new fee of $250.

Please allow 5-10 business days for fee refunds to be processed. Refunds will be issued to the account associated with your NABP e-Profile.
Important: If you will not complete graduation requirements or you are not able to schedule and take the MPJE by April 10, 2016, NABP advises you to wait and complete registration for the updated MPJE.

Following are details of key dates and processes to assist candidates.

Completing the Online Examination Registration Form

Log in to your NABP e-Profile to register for the NAPLEX or MPJE. Once you have logged in, you will be brought to your e-Profile Dashboard. Here you will be able to view status information on the NABP services you are utilizing (a full list of the possible statuses, including definitions, is available in Appendix A on page 39). To register for an examination, click the NAPLEX/MPJE link under Programs and Services (or click Exam Services from the navigation menu on the left side of the page), then click the Register for button for the test for which you would like to register.

Read and Agree to Non-Disclosure Agreement

Read the terms and conditions of the NABP Non-Disclosure Agreement and select the box to acknowledge and accept. You will be unable to continue unless you accept the terms and conditions of the Non-Disclosure Agreement.

Jurisdiction and Education Information

- Select the state or jurisdiction for which you are seeking eligibility to take the NAPLEX. The state you select will be considered your primary state or jurisdiction for licensure.
- Select the country in which your school or college of pharmacy is located. Schools within the United States can be selected from a drop-down list. The schools are in alphabetical order and are preceded by their numeric code.
- If your school or college of pharmacy is located outside of the US, the code “999-other” will appear (exception: for the Lebanese American University School of Pharmacy the code “300” will appear). Type the name of the school or college of pharmacy in the following field.
- Enter the date your degree was conferred as the “Date of Graduation.”

Billing and Payment Information

- Select the correct “Bill To” address. If the billing address for the credit card you are using does not match the address you entered when registering, you can add it by clicking the +Add Address button.
• Enter credit card information.
• Payment is due at the time of registration.

![Important: NABP does not accept personal checks as payment. All online payments must be made using a Visa, MasterCard, or American Express debit or credit card.

Request Testing Accommodations

If you will be contacting your board(s) of pharmacy to request testing accommodations under the ADA, select the Accommodations option. ADA accommodation requests must be made to the applicable board of pharmacy (or to NABP if you are seeking licensure in Utah and Florida). See pages 8-9 of this Bulletin for more information.

Additional Registration Options

Once registration has been successfully completed, additional NAPLEX/MPJE registration options are available through your e-Profile and are described below. Click the NAPLEX/MPJE link under Programs and Services (or click Exam Services from the navigation menu on the left side of the page), then click on the appropriate link under the Available Actions column of the My Active Registrations section. If an option does not appear, you are most likely ineligible to perform that action.

Adding Score Transfers and Canceling Score Transfers

Each score transfer request requires a $75 administrative fee. NAPLEX score transfer requests may be made at the time of registration, or up to 90 days after the examination date (the day of the exam is considered day one).

To cancel a score transfer request, click the Cancel Score Transfer Request link. No refunds are issued for canceled score transfers. There is no additional charge to cancel a score transfer.

See page 36 for more details on score transfer requests.

Canceling/Withdrawing Registration

Partial refunds are issued for canceling or withdrawing a NAPLEX or MPJE registration if the action is completed before your eligibility expires.

Candidates are not permitted to register for another NAPLEX or MPJE in the same jurisdiction for five business days after canceling/withdrawal. To cancel, log in to your NABP e-Profile and click Cancel Registration Request under the Available Actions column.

Partial refunds will not be issued if a request is received:
• More than two years after the initial registration.
• After the eligibility has expired.
• If a scheduled testing appointment is missed.

### Partial Refund Amounts for Examination Cancellation/Withdrawal

<table>
<thead>
<tr>
<th>Examination</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>NAPLEX</td>
<td>$360</td>
</tr>
<tr>
<td>MPJE</td>
<td>$125</td>
</tr>
</tbody>
</table>

Note: Candidates wishing to cancel/withdraw registration and who have a scheduled appointment must contact Pearson VUE to cancel the exam at least two business days before the scheduled appointment. See page 12 for more information on canceling/rescheduling appointments with Pearson VUE.
Changing Primary Jurisdiction

Changing states or jurisdictions requires a $50 administrative fee. Once the primary jurisdiction is changed, the ATT and scheduled appointment (as applicable) for the previous jurisdiction will no longer be valid.

Change of jurisdiction requests must be made at least two business days before a scheduled examination. Requests made less than two business days before a scheduled examination will not be honored and the administrative fee will be forfeited.

Resitting After a Missed/Canceled Appointment

Candidates who miss their scheduled testing appointment without following the cancellation procedure (see page 6) forfeit their testing fees. Five business days after the scheduled exam, you may pay the resitting fee and request to resit. Click the NAPLEX/MPJE link under Programs and Services (or click Exam Services from the navigation menu on the left side of the page), then click the Resitting link in the Available Actions column under “My Active Registrations.” This option restarts the registration process.

Fees payable to NABP may be submitted via credit or debit card by selecting Resit under available actions in the online application. Once your fee has been processed, you will receive a new ATT.

Resitting Fees

<table>
<thead>
<tr>
<th></th>
<th>NAPLEX</th>
<th>MPJE</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>$140</td>
<td>*$90</td>
</tr>
<tr>
<td></td>
<td>per missed appointment (to NABP)</td>
<td>per missed appointment (to NABP)</td>
</tr>
</tbody>
</table>

*The resit fee for MPJE will increase to $100 on April 15, 2016. See pages 4-5 for more information.*

If the Resit link does not appear, it may be for one of the following reasons:

- Eligibility will expire in 10 business days or less. Because NABP cannot guarantee the issuance of an ATT before eligibility has expired, the request for the resit is not permitted.
- The examination has already been taken after a no-show and was not passed. Candidates who miss an appointment, reapply, and then fail the examination must register again.
- It has been less than five business days since the original exam. The link will not appear until five business days after the scheduled exam.

Obtaining Score Results

Candidates in states that participate in the NABP online score interface will typically be able to access NAPLEX and MPJE score results within seven business days of taking the examination. Log in to your NABP e-Profile and click Exam Results.

NAPLEX online score reports are only displayed under the state registered as your primary jurisdiction. Thus, candidates whose primary jurisdictions do not participate in online score reporting will not be able to view scores in their e-Profile, even if another state your score is reported to does participate.

A list of states that participate in the NABP online score reporting interface is available in the NAPLEX and MPJE sections of the NABP website.

**Note:** Only state boards of pharmacy have authority to issue a license to practice pharmacy. The posting by NABP of a passing examination score does not constitute a license to practice pharmacy. Boards will not accept online examination scores posted online by NABP for purposes of score transfer or obtaining licensure. Online reports are for candidate use only.

**Note:** If you are still eligible to test and would like to resit for an exam you do not need to re-register. Request a resit and pay the resitting fee online.
Note: If you have questions about obtaining your test score results, please contact the relevant board(s) of pharmacy.

Testing Accommodations

Testing accommodation requests will be evaluated by the appropriate board of pharmacy and will be forwarded to NABP for review (with the exception of Florida and Utah candidates – see page 9). If more information is needed to support the testing accommodation request, NABP may contact the board of pharmacy and the candidate.

All provided information may be shared between NABP and the boards of pharmacy, including but not limited to the request, history, and nature of the accommodations requested. When all documentation is acceptable, NABP will notify the candidate and board of pharmacy and will arrange the appropriate accommodations with the testing vendor.

Accommodation request approval is current for three years from the date that the candidate and board of pharmacy, as applicable, are notified. After three years, the candidate may be required to submit a new set of forms.

To submit an accommodation request, please download, print, and complete the Accommodation Request form. Submit the completed form to the board along with the required detailed documentation. The completed application should include the following:

- **Part I – Candidate’s Statement**
- **Part II – Practitioner’s Statement and Diagnostic Summary**
- **Part III – Academic/College Statement (as applicable)**

**I. Applicant’s Statement**

a. A detailed report written by the applicant describing the disability and justification for the requested accommodations along with the completed Application for Disability Accommodation form, Part I: Candidate’s Statement.

b. A description of treatment for the disability or condition (e.g., any medication management regimen, including the effect the medication has on the condition). List any physical therapy, hearing aids, magnifying equipment, or psychotherapy regimens recommended by practitioners.

**II. Practitioner’s Statement and Diagnostic Results**

a. Each provider is required to complete Part II of the ADA form “Practitioner’s Statement” including the date of the initial diagnosis, date last evaluated, and the length of time as a patient.

   i. The practitioner should provide evidence that he or she is qualified to make the appropriate diagnosis, including licensing or certification and specialization credentials.

   ii. A statement of the specific diagnosis of the disability is required. A professionally recognized diagnosis for each category of disability is expected. The supporting written statement should explain the recommended accommodation and how the accommodation will be justified in the testing environment. The attached document should be typed on identifying letterhead and signed by the practitioner.

   iii. A written explanation should be provided if no history of accommodations was required in similar or past testing environments. The explanation should account for any disability that is not permanent or long-lasting.

   iv. Describe any treatment for the disability or condition prescribed (e.g., any medication management regimens, the effect the medication has on the disability).
b. Diagnostic tests to support requests. Current diagnostic tests, as applicable, and relevant medical history should be submitted. In most cases, an evaluation should have been conducted within the past three years. Specific tests should support the diagnosis and recommendation.

III. Academic/College Statement

a. College Statement: Attestation from a credible source documenting accommodations afforded in a testing environment. For example, a letter from the candidate’s college of pharmacy outlining the accommodations utilized in one’s academic experience.

b. Provide evidence that accommodations were afforded in other testing environments, eg, academic, standardized testing.

Important: Testing accommodation requests that are unreasonable or that would fundamentally alter the nature of the examination or the security of the examination, or that would impose an undue burden to NABP or to other candidates will be subject to denial.

Testing Accommodations – Florida and Utah Candidates

At the request of the Florida Board of Pharmacy and the Utah Board of Pharmacy, all testing accommodation requests for those candidates selecting Florida or Utah as their primary jurisdiction will be evaluated by NABP. If more information is needed to support the testing accommodation request, NABP may contact the candidate.

To submit an accommodation request, please download, print, and complete the following form: Request for ADA Testing Accommodations for Florida and Utah Candidates.

Submit the completed form along with the required detailed documentation to NABP, making sure to include the following:

- Part I – Candidate’s Statement (see detailed description above)
- Part II – Practitioner’s Statement and Diagnostic Summary (see detailed description above)
- Part III – Academic/College Statement (as applicable) (see detailed description above)

Mail the completed form (three parts) along with the NAPLEX/MPJE Eligibility Request Form (see page 10) and transcripts (as applicable) in one envelope to:

NABP
Competency Assessment Department
1600 Feehanville Dr
Mount Prospect, IL 60056

Scheduling With Testing Accommodations

Candidates approved for testing accommodations may not schedule examinations directly with Pearson VUE until they are instructed to do so by NABP. Once notified by NABP, candidates must schedule their testing appointment with Pearson VUE by calling their customer service number at 800/466-0450.
Testing Centers

The NAPLEX and MPJE are administered by Pearson VUE at its Pearson Professional Centers, which are located in all 50 states, its territories, and the District of Columbia.

Jurisdictions Requiring MPJE

You must contact the board of pharmacy to confirm whether a specific jurisdiction requires the MPJE. Forty-eight boards require the MPJE for initial licensure, and 48 boards require the examination for license transfer.

Eligibility Requirements

To take the NAPLEX and/or MPJE, candidates must meet the eligibility requirements of the board of pharmacy from which they are seeking licensure.

The board will determine your eligibility to take the examinations in accordance with the jurisdiction's requirements.

You may check your eligibility status by logging in to your NABP e-Profile. Click the NAPLEX/MPJE link under Programs and Services (or click Exam Services from the navigation menu on the left side of the page) under “My Active Registrations.” A full list of possible statuses, including definitions, is available on page 39.

Important: If a board of pharmacy has not made a candidate eligible to test within two years of the date that the candidate initially registered with NABP, the candidate’s record will be closed and all fees will be forfeited.

If you have questions concerning eligibility requirements, contact the board of pharmacy in the jurisdiction from which you are seeking licensure.

The most current listing of board of pharmacy contacts is available on NABP’s website at www.nabp.net/boards-of-pharmacy.

For Utah Only: Submit NAPLEX/MPJE Eligibility Request Form

At the request of the Utah Board of Pharmacy, NABP confirms eligibility to sit for the NAPLEX and MPJE for candidates who choose Utah as their primary state of eligibility. To complete the process, candidates must download and submit a completed eligibility form, available on the NABP website at www.nabp.net/programs/examinations/naplex. There is a one-time $85 processing fee. This fee covers both the NAPLEX and MPJE. If an individual is score transferring to Utah and is only taking the MPJE, the fee is also $85. Candidates must submit an official transcript from the pharmacy school from which they graduated. The transcript must be in a sealed envelope bearing the school’s stamp/seal on the envelope flap. Candidates may request their school send the transcript electronically to edu.verification@nabp.net. Candidates will receive confirmation of their eligibility in the form of an Authorization to Test (ATT) received via email. Completed Request for ADA Testing Accommodations form (if applicable) should also be included (see page 9 for instructions).

• Candidates who need to register to retake the NAPLEX or MPJE, or who need to take the MPJE for multiple jurisdictions, and have previously submitted the Utah Eligibility Request Form do not need to submit another eligibility request form. Instead, after registering for additional examination(s), candidates should email NABP at ExamEligibility@nabp.net with the following information:
Your Examination Appointment

» Name and date of birth,
» e-Profile ID number,
» the examination(s) registered for, and
» that eligibility confirmation for the additional examination(s) is needed.

Authorization to Test

After the board of pharmacy determines candidates’ eligibility to take the examination, it will notify NABP. Candidates who have registered for the NAPLEX and/or MPJE will receive an ATT letter from Pearson VUE. The ATT letter includes eligibility dates during which you may take the examination, instructions for scheduling your testing appointment, and other important information.

Candidates should make sure all the information in their ATT letters is correct. Check to make sure your name on the ATT letter exactly matches the two forms of identification you will bring to check into the testing center.

See “Name Matching Guidelines” on page 14 for more details.

If you do not receive or have misplaced your ATT letter, contact Pearson VUE Customer Service Monday through Friday at 888/709-2679 7 am to 7 pm (CST). Be sure to check your spam or junk email folder before you call. ATT letters or numbers will not be issued via phone or fax.

Scheduling Your Examination Appointment

You cannot schedule your examination appointment until you receive your ATT letter.

Examination appointments are made on a first-come, first-served basis, depending on availability at the testing center. ATT letters indicate the time frame eligibility period during which each candidate may schedule an appointment; however, boards of pharmacy may have more stringent deadlines for completing the exam(s) as part of their requirements for licensure.

Exams must be scheduled in accordance with the board’s deadline requirements.

Important: It is recommended to schedule your appointment as soon as you receive your ATT letter. Scheduling may be difficult during high-volume times of year, particularly spring and summer. Even if you do not want to test immediately, we recommend that you schedule early. Waiting to schedule your examination appointment may significantly limit the dates your preferred test center has available seating. If you wait to schedule your appointment until the end of your eligibility period, an appointment may not be available prior to the eligibility end date. If this occurs, no extensions of eligibility will be granted. You may be required to submit a new registration form and fees.

You must adhere to the procedure below when scheduling your appointment.

Note: The last date to schedule and sit for the current MPJE is April 10, 2016. See pages 4-5 for more information.

Scheduling

Online Scheduling: You may schedule an examination at a testing center through the Pearson VUE website (www.pearsonvue.com/nabp). Follow the instructions on the page to set up a Pearson VUE Web account to select your preferred testing location, date, and time. You may also schedule an examination appointment by calling Pearson VUE Customer Service 888/709-2679 7 am to 7 pm (CST).

Scheduling By Phone: If you choose to call Pearson VUE’s Customer Service Department to schedule an appointment, you will be asked to verify your identity by stating your last name, first name, middle name or middle initial, and suffixes, along with demographic information, and to confirm which NABP examination you have been authorized to take.
The Pearson VUE Customer Service agent will search for the location closest to the address you provided on your application to your board of pharmacy, or if you have a preferred site, the agent can search that site for appointment availability. To review the locations of the testing centers, please visit www.pearsonvue.com/nabp.

**Confirmation Message**: Once your appointment has been scheduled, you will receive a confirmation email that provides the details of your examination appointment, directions to your selected test center, and instructions and policies on rescheduling and canceling your examination appointment.

!!! Important: You must make sure all personal information is correct on your appointment confirmation email and ATT letter. For name changes and corrections, along with other demographic updates, contact NABP Customer Service at 847/391-4406 Monday to Friday, 9 AM to 5 PM CST or by email at custserv@nabp.net. Name changes and corrections must be completed at least five business days prior to the date of your scheduled exam (see page 15).

**Canceling/Rescheduling Appointments**

You may cancel or reschedule your examination appointment via your Pearson VUE Web account at www.pearsonvue.com/nabp or by calling Pearson VUE Customer Service at 888/709-2679.

!!! Note: Candidates approved for testing accommodations must contact NABP directly to cancel or reschedule an examination appointment.

Cancellations and rescheduled appointments must be made at least two business days prior to your scheduled appointment. For example, if you are scheduled to test at 9 AM Monday, you must call by 9 AM on the previous Thursday to cancel or reschedule. Your appointment is not canceled or rescheduled until you receive a confirmation from Pearson VUE. If you cancel without the required notice you will forfeit your testing fee.

To reschedule your appointment, you must submit the appropriate fees to Pearson VUE, either online or via their Customer Service Department. There are **no** exceptions to this policy.

**Rescheduling Fees**

per rescheduled appointment (to Pearson VUE)
On the Day of the Examination

In accordance with NABP policies and procedures, Pearson Professional Center staff will enforce the requirements explained below in order to ensure a positive testing experience and the security of the examination. Review the following information before your examination administration.

- **Arrive early.** Be at the test center at least 30 minutes before your scheduled appointment time to allow for check-in procedures. Most candidates will begin their testing session within 30 minutes after their scheduled appointment time.
  - If circumstances cause you to wait more than 30 minutes after your scheduled appointment time, you will have the choice to continue waiting or to reschedule your appointment at no additional charge.
  - If you arrive at the test center more than 30 minutes after your scheduled appointment, and are denied admission to sit for the examination, you will be required to forfeit your appointment. There are no refunds of testing fees for forfeited appointments. Pearson VUE will do all they can to accommodate a late arrival, however, the determination to permit you to test is solely at the discretion of the testing center staff.

- **Bring Identification.** When you arrive at the test center, you will be required to present two forms of ID: a photo ID that includes your signature and a second form of ID with a signature. See “Identification Requirements” beginning on page 14 for more information.

- **Follow Security Procedures.** All candidates will be required to have a palm vein scan, provide his or her digital signature, and have a digital photograph taken prior to being admitted to the testing room.
  - For palm vein scans, a device will be used to digitally record the pattern of the candidate's palm veins. Candidate palm vein patterns are digitally encrypted and securely transmitted to Pearson VUE.
  - In the event that you are physically unable to provide a digital signature or palm vein pattern, you must contact NABP at least 30 days prior to your examination date.

- **Remain Seated.** Once you have been admitted, the test center administrator will escort you to a workstation. From this point on, you must remain in your seat except when authorized to leave by a test center administrator. After being admitted, you may not leave the testing room without permission and you may not leave the testing center building for any reason until the examination is completed.

  **Note:** Your exam score may be invalidated or canceled, you may forfeit your appointment to test, and you may be required to reapply for the examination if:
  - You leave the testing room without permission, or
  - You leave the testing center building, regardless of reason.

  There will be no refund of your testing fees in these cases.

- **Scheduled and Unscheduled Breaks.**
  - **NAPLEX:** You will have the option of taking a 10-minute break. The computer screen will display a prompt to let you know you may take the break. You may accept or decline the option.
  - **MPJE:** There are no scheduled breaks.

  **Note:** Time used for any unscheduled breaks during the NAPLEX and MPJE will be subtracted from your testing time.

  Your palm vein pattern must be scanned to reenter the testing room after any break.
• **Supplies Provided.** The administrator will provide you with an erasable note board and pen. You may not remove these materials from the testing room at any time. Using your own scratch paper or pen is prohibited.
  » **NAPLEX Only:** An on-screen calculator can be activated during the examination for your use. The on-screen calculator can be used in a scientific or five function mode. Please note that many of the calculations on the NAPLEX will require the on-screen scientific calculator. A candidate requesting a handheld calculator for any reason will be supplied a five function calculator by Pearson VUE. Personal calculators of any kind are prohibited.

• **Notify Pearson VUE Staff of Problems.** If you need help for any reason, raise your hand and notify a testing administrator. Examples include:
  » Computer malfunctions
  » Note board or pen replacements
  » Break requests

• **Completing the Exam.** When you have completed the examination and/or the end-of-examination survey, the test administrator will collect your note board and pen and assist you with the check-out process.

**Identification Requirements**

Admission to the testing center requires two forms of ID consisting of a primary form of ID that contains your signature with a recent photograph of you, and a secondary form of ID with your signature. Both forms of identification must adhere to the name matching guidelines below.

⚠️ **Important:** Candidates will **not** be admitted to the examination without the proper ID, and you will **not** have an opportunity to reschedule your testing appointment at the test center. There will be no refund of your testing fee and you will be required to pay an additional fee to schedule again.

**Name Matching Guidelines**

The printed name on both your primary and secondary forms of ID must match the name that appears on your ATT letter. The name on your ATT letter is the same name you entered when creating your NABP e-Profile.

⚠️ **Important:** Reference the two IDs – primary and secondary – that you will use at the testing center when creating your e-Profile. **Enter your name exactly as it appears on both of these IDs, including first, middle, and last names, and suffix.**

Some flexibility is allowed regarding the matching of middle names and initials. It is acceptable for your ID to contain your full middle name and your ATT letter to contain only your middle initial, as long as the middle initial matches the first letter of your middle name. Similarly, if your ATT letter contains your full middle name and your ID contains only your middle initial, you will be admitted to test if the middle initial on your ID matches the first letter of the middle name on your ATT. The chart below contains examples of acceptable and unacceptable combinations.
If the name on both your primary and secondary IDs does not match the name on your ATT, you must send the appropriate documentation to NABP to update your registration at least five business days prior to the date of the scheduled examination. Specifically, send the documentation to NABP Customer Service via email at custserv@nabp.net or via fax to 847/375-1114, accompanied by your full name, NABP e-Profile, date of birth, last four digits of your Social Security number, and/or mailing address.

⚠️ Important: If the name you registered with is different from the name on your IDs, you will not be admitted to the testing center. Name updates or approvals will not be completed at the testing center.

### Acceptable Forms of Primary Identification

All forms of identification must be issued by state, provincial, jurisdictional, or federal governmental authorities of the US, US territories or Canada.

You must present one of the following acceptable IDs, which must be current (not expired) and contain a recent recognizable photograph and your signature. The only exceptions are government-issued military IDs which may contain a signature or thumbprint.

- US/Canadian passport
- US/Canadian driver’s license
- US state/Canadian province ID
- US/Canadian temporary driver’s license
- US learner’s permit
- US military ID
- Canadian military ID

### Acceptable Forms of Secondary Identification

All forms of identification must be issued in either the US, US territories or Canada.

All secondary IDs must be current and must contain the candidate’s signature. All valid debit/credit/ATM cards must be issued through Visa, Discover, MasterCard, or American Express.

- US/Canadian passport
- US/Canadian driver’s license
• US state/Canadian province ID
• US/Canadian temporary driver’s license
• US learner’s permit
• US military ID
• Canadian military ID
• US passport card
• Valid debit/credit/ATM cards

If the primary or secondary form of identification (from the lists above) that you want to use is limited or otherwise has restrictions in its use within the US, US territories or Canada, even if it is issued by state, provincial, jurisdictional, or federal governmental authorities of the US, US territories or Canada, please contact NABP at least five business days prior to the date of the scheduled examination and before arriving at the testing center.

Unacceptable Forms of Identification

Unacceptable ID documents that will not be accepted include, but are not limited to, the following:
• IDs with no photo
• Foreign passports, driver’s licenses, or ID cards
• Expired US/Canadian passport
• Expired US/Canadian driver’s license
• Draft classification card
• Letter of identity from a notary
• Social Security card
• Employee ID
• Green card

Temporary IDs

All candidates using forms of temporary identification must follow the same guidelines listed under the “Acceptable Forms of Primary Identification” and “Acceptable Forms of Secondary Identification” headings above and must meet the name matching guidelines.

All temporary forms of identification must be current (unexpired) and contain a recent recognizable photograph with your signature. A secondary form of identification is still required. Acceptable forms of temporary identification include only:
• State-issued temporary driver’s licenses (with a photo)
• State-issued temporary ID cards (with a photo)
• State issued learner’s permit (with a photo)

Legal Name Changes

Candidates who change their name after they register for an exam are required to submit legal name change documentation to the board of pharmacy and NABP. If the name with which you have registered is different from the name on your IDs, you must contact your board of pharmacy and NABP to make a legal name change at least five business days prior to your scheduled examination.

See the “Frequently Asked Questions” page (NAPLEX/MPJE Online Registration Assistance, question 3) on the NABP website for links to the required forms and other more detailed instructions.

The only acceptable forms of legal documentation are marriage licenses, divorce decrees, and/or court action legal name change documents. All documents must be in English, or accompanied by a certified
translation. Photographs of original documents may be submitted.

If the name with which you have registered is different from the name on your IDs, you will not be permitted to test. Name changes cannot be completed at the test center and documentation brought to the test center confirming your name change will not be accepted.

**Test Center Restrictions**

To ensure that examination results for all candidates are earned under comparable conditions and represent fair and accurate measurement of each candidate’s individual knowledge and skills, it is necessary to maintain a standardized and secure testing environment. All candidates must adhere to the following policies:

- No reference, study, or other materials or devices may be brought into the testing center.
- Candidates will not be allowed to take anything into the testing room at the Pearson Professional Center other than those items given to them by the test center administrator and their ID documents (e.g., passport, driver’s license).
- Prohibited items will not be allowed into the testing room. Prohibited items include, but are not limited to, the following:
  - Beverages
  - Books
  - Book bags or backpacks
  - Briefcases
  - Calculators
  - Cell phones
  - Computers/tablets
  - Computer bags
  - Contents of pockets
  - Food
  - Glasses or any other device with a camera (such as Google Glass)
  - Handbags/purses
  - Other electronic or digital devices (watches, activity wristbands, PDAs)
  - Outerwear (coats, hats)
  - Pagers
  - Photographic devices
  - Recording devices
  - Wallets
  - Weapons

- Secure storage located outside the testing room will be provided for personal items, but space is limited. Test centers assume no responsibility for candidates’ personal belongings.
- Even if no secure storage is available, you will be required to leave all other personal belongings, including prohibited items, outside the testing room.

**Note:** Candidates may have access to some personal items, specifically beverages, food, handbags/purses, wallets, money, and/or medication or specific items from the Pearson VUE Comfort Aid List while outside the testing room during scheduled or unscheduled breaks.

- Use of tobacco is not allowed in the testing room or in the testing center.
- Friends or relatives who accompany you will not be permitted to wait in the test center or test room during your admission process or during your examination.
- Candidates may not leave the test center building during the examination. If you leave the testing room without permission or the testing center building at any time during an examination appointment, you may be suspended from the test administration and your score may be invalidated.

**Security Measures**

The NAPLEX and MPJE are the property of NABP and are confidential examinations that are protected by trade secret law, copyright law, and other applicable state and federal laws and regulations. The NAPLEX and/or MPJE will be made available to the examination candidate solely for the purpose of determining eligibility for licensure in the field of pharmacy.

- Numerous security measures will be enforced during the test administration to ensure the integrity of the
examination programs.

- Be aware that you will be observed at all times while taking the examination. This observation may include direct observation by test center staff, as well as video and audio recordings of your testing session.

**Misconduct**

Individuals are expressly prohibited from engaging in misconduct, at all times, in connection with NAPLEX or MPJE, including exam questions, answers, question format, profiles, or scenarios (individually and collectively “Exam Content”). Misconduct in connection with Exam Content or the NAPLEX or MPJE includes, without limitation, the following:

- Selling
- Offering
- Disclosing
- Making available any portion or the entirety of Exam Content
- Transmitting
- Copying
- Reproducing
- Requesting
- Purchasing
- Receiving, acquiring, or utilizing Exam Content without specific NABP authorization
- Attempting, arranging, or having an individual take the NAPLEX or MPJE for you
- Attempting, arranging, or taking the examination for another individual

Misconduct in connection with the NAPLEX, MPJE, or Exam Content is prohibited at all times, including prior to registering, scheduling, or taking the examination, during an examination appointment session as described in this Bulletin, and after taking the examination. Misconduct can involve individuals, candidates, or groups of individuals or candidates such as classmates, coworkers, friends, family, study groups, organizations, or entities. Individuals or groups of individuals who engage in any of the misconduct described in this section may be subject to one or more of the actions listed in the “Actions” subsection of this Bulletin, on page 19.

**Misconduct During the Examination**

The examination appointment session begins when the candidate is checked in to the test center, and includes scheduled and non-scheduled breaks, and ends when the candidate is dismissed from the center.

Examples of misconduct during the examination appointment include but are not limited to:

- Attempting to take the examination for someone else or taking the examination for someone else
- Attempting to have someone else take the examination for you or having someone else taking the examination for you
- Taking the examination for any purpose other than determining the eligibility for licensure, unless otherwise approved by NABP and the board(s) of pharmacy
- Accessing a cell phone or any other electronic communications devices
- Using notes, books, reference material, or other aids
- Attempting to aid an individual or receive aid to complete the examination
- Bringing any materials, devices, or items to the examination appointment session that may compromise the security or validity of the administration
- Failing to follow an administrator’s instructions
- Creating a disturbance of any kind
- Removing or attempting to remove from the test center scratch paper, note boards, writing materials, or the like
• Copying or memorizing examination questions, answers, or any other Exam Content and/or removing this information
• Tampering with the operation of the computer or attempting to use it for any function other than taking the examination
• Leaving the testing room without permission
• Leaving the testing center building for any reason
• Selling, offering, disclosing, transmitting, copying, reproducing, requesting, purchasing, receiving or utilizing without specific NABP authorization, or making available any portion or entirety of the NAPLEX or MPJE in any form.

Individuals who engage in any of the misconduct described in this section or who exhibit any of the behaviors described in this section, during their examination appointment session, may be subject to one or more of the actions listed in the “Actions” subsection of this Bulletin, below.

Actions

If NABP obtains information that an individual has engaged in any misconduct, as defined in the Bulletin, NABP, in its sole discretion, may take one or more actions including but not limited to:

• Place a hold on the individual's ability to schedule an examination appointment
• Place a hold on the individual's ability to register for an examination
• Suspension of the test administration
• Forfeiture of all testing fees
• Termination of the test administration
• Withholding the reporting of an examination score or invalidation or cancellation of an examination score, as described in the "NAPLEX and MPJE Score Withholding, Cancellation, or Invalidation" section
• Notification to one or more boards of pharmacy or state or federal law enforcement agencies
• Initiation of or participation in civil, criminal, and/or administrative proceedings against the individual that may result in civil penalties, criminal punishments, and/or disciplinary action including denial of licensure or licensure revocation by one or more board(s) of pharmacy

⚠️ Important: NABP reserves the right to share information concerning the withholding, cancellation, or invalidation of a candidate’s NAPLEX and/or MPJE score or individual's misconduct with one or more boards of pharmacy or law enforcement authorities as applicable.

Atypical Testing Circumstances

In the rare event that a problem arises in the administration of an examination, it may affect an individual or a group of test takers. Problems may include, without limitation, power failures, defective equipment, or other disruptions of exam administrations such as natural disasters or other emergencies. When these atypical circumstances occur, Pearson VUE will conduct an investigation to provide information to NABP. Based on this information, NABP, at its sole discretion, may not score the test, may withhold the reporting of a score while NABP reviews the matter, or may cancel or invalidate the test score. If NABP deems it appropriate to do so, NABP will work with Pearson VUE to give affected candidates the opportunity to retake the test as soon as possible at no additional cost. Affected test takers will be notified of the reasons for the cancellation and their options for retaking the test.

NAPLEX and MPJE Score Withholding, Cancellation, or Invalidation

NABP reserves the right to determine, in its sole discretion and at any time, whether to withhold the reporting of an examination score or to cancel or invalidate one or more examination scores of an individual or a group of individuals. The withholding, canceling, or invalidating of one or more examinations scores of an individual or a group of individuals may occur prior to, during, or after examination administration.
NABP may cancel or invalidate an examination score or withhold the reporting of an examination score for any reason including, without limitation, the following:

- Atypical testing circumstances
- Misconduct by one or more individuals as described in this Bulletin
- Testing irregularities
- Noncompliance with policies by one or more candidates
- Observed irregular behavior of one or more candidates
- Discrepancy or falsification of an examination candidate’s identification
- Impersonating an examination candidate or allowing an unauthorized person to take an examination
- Unusual answer patterns
- Unusual or large score variances among a candidate’s examinations
- Unusually low score
- Psychometric review
- Leaving a testing center facility
- Accessing Examination Content prior to taking the exam
- Stealing Exam Content
- Communicating with other test takers during an examination appointment session

NABP’s right to determine whether to withhold, cancel, or invalidate an examination score is not in any way waived or modified because NABP processed an examination registration form, authorized a candidate to sit for an examination, scored an examination, or reported an examination score.

**Inclement Weather**

In the event of a testing center closing because of inclement weather, Pearson VUE will attempt to contact the candidate to reschedule the appointment; however, it is the responsibility of the individual candidate to contact Pearson VUE to determine if the test center is open and/or to reschedule his or her appointment.

If the Pearson Professional Center where the candidate is scheduled to test is open and the candidate does not keep his or her scheduled appointment, the candidate forfeits all fees and no portion of the examination fee will be refunded. Resitting fees apply (see page 7).

**Technical Difficulties**

On rare occasions, technical difficulties occur at testing centers. If you experience a computer-related technical problem, notify the test center administrator immediately. Every reasonable effort will be made to correct any difficulties as soon as possible. Should the testing center experience a loss of power, backup systems are in place, and every reasonable effort will be made to retrieve testing data.

Once power is restored, candidates will be able to continue their testing sessions from the point at which they were interrupted.

If technical issues cause you to wait more than 30 minutes after your scheduled appointment time, or a restart delay lasts longer than 30 minutes, you will be given the choice of waiting to continue the exam or rescheduling your appointment with no additional fee.

If you choose not to reschedule, but rather to continue testing after a delay, you will have no other options and your testing results will be considered valid. If you choose to reschedule your appointment or the technical issue cannot be resolved, you will be allowed to test at a later date at no additional charge and without a required waiting period.
What Is the NAPLEX?

The NAPLEX is a 185-question computer-based examination that uses adaptive test technology to deliver a mixture of selected-response and constructed-response test questions. Of the 185 delivered questions, 150 are operational and will be used to calculate your test score. The remaining 35 questions are pretest questions and will not count toward your NAPLEX score. Pretest questions are included on all NAPLEX examinations and are administered to evaluate their appropriateness for possible inclusion in future examinations. The pretest questions are dispersed throughout the examination and cannot be identified by the candidate. The total test time is 4.25 hours.

The majority of the questions on the NAPLEX are asked in a scenario-based format (i.e., patient profiles/medical records with accompanying test questions). To properly analyze and answer the questions presented, you must refer to the information provided in the patient profile/medical record.

Candidates may be prompted to scroll and navigate these profiles/medical records exhibits in a manner so that all necessary information will not be overlooked to answer the question.

Interspersed among these profile-based questions are “stand-alone questions” whose answers are drawn solely from the information provided in the question.

The NAPLEX Test Design

The goal of the NAPLEX test design is to measure a candidate’s knowledge and ability as accurately and efficiently as possible. The examination is assembled as you answer questions, using information recorded and computed during the examination to influence the composition of the remainder of the examination.

When you respond to computer-selected NAPLEX questions, the adaptive technology will assess your answers and use that information to select your next test question. The computer will then select a question suited to your estimated ability level from the test’s question pool. Your ability level will be estimated from a combination of your responses (right and wrong answers) and the attributes of the questions that you were assigned.

The format of the examinations requires that all test questions be answered in the order in which they are presented. You will not be allowed to skip a question or return to a previous question to review your answer. Once you have confirmed an answer choice and moved on to the next question, you cannot return to the previous question to change your answer.

The passing scaled score for NAPLEX is 75. The minimum scaled score you can earn is zero and the maximum is 150.

See page 33 for more information on score results.

Important: You cannot change an answer once you have confirmed an answer choice. You cannot go back to review a question once you have moved on to the next question.

You must answer all questions in the order in which they are presented, and you may not skip a question.

NAPLEX Competency Statements

The NAPLEX Competency Statements provide a blueprint of the topics covered on the examination. They offer important information about the knowledge, judgment, and skills you are expected to demonstrate as an entry-level pharmacist. A strong understanding of the Competency Statements will aid in your preparation to take the examination.
Important: Following review of the spring 2014 NABP Pharmacy Practice Analysis Survey results, NABP revised the NAPLEX competency statements. The new statements went into effect on November 1, 2015. The updated competency statements can be accessed in the Programs section of the NABP website at www.nabp.net/programs, and on pages 22-23 of this Bulletin.

Area 1 Ensure Safe and Effective Pharmacotherapy and Health Outcomes (Approximately 67% of Test)

1.1.0 Obtain, Interpret, Assess, and/or Evaluate:
1.1.1 Information from patient interviews
1.1.2 Patient medical records
1.1.3 Results from instruments and screening strategies used to assess patients
1.1.4 Laboratory and diagnostic findings
1.1.5 Signs and symptoms associated with diseases and medical conditions
1.1.6 Patients’ need for medical referral
1.1.7 Risk factors relevant to the prevention of a disease or medical condition and the maintenance of wellness
1.1.8 Information from interdisciplinary health care providers

1.2.0 Develop and Implement Individualized Treatment Plans, Taking Into Consideration:
1.2.1 Specific uses and indications and dosing for drugs
1.2.2 Purported uses and indications for dietary supplements and complementary and alternative medicine
1.2.3 Lifestyle and self-care therapy
1.2.4 Pharmacologic classes and characteristics of drugs
1.2.5 Actions and mechanisms of actions of drugs
1.2.6 The presence of pharmacotherapeutic duplications and/or omissions
1.2.7 Drug interactions
1.2.8 Contraindications, warnings, and precautions
1.2.9 Allergies
1.2.10 Adverse effects and drug-induced illness
1.2.11 Pharmacodynamic, pharmacokinetic, and pharmacogenomic principles
1.2.12 Pharmacokinetic data to determine equivalence among drug products
1.2.13 Pharmacoeconomic factors
1.2.14 Routes and methods of administration, dosage forms, and delivery systems

1.3.0 Assess and Modify Individualized Treatment Plans, Considering:
1.3.1 Therapeutic goals and outcomes
1.3.2 Safety of therapy
1.3.3 Efficacy of therapy
1.3.4 Medication non-adherence or misuse

1.4.0 Techniques for Effective Communication/Documentation of the Development, Implementation, and Assessment of Individualized Treatment Plans to:
1.4.1 Patients and/or patients’ agents
1.4.2 Interdisciplinary health care providers

1.5.0 Advocate Individual and Population-Based Health and Safety, Considering:
1.5.1 Best practices, scientific literature evaluation, and health-related resources
1.5.2 Quality improvement strategies in medication-use systems
1.5.3 Processes, evaluation of, and responses regarding medication errors
1.5.4 Role of automated systems and technology in medication distribution processes
1.5.5 Emergency preparedness protocols

Area 2 Safe and Accurate Preparation, Compounding, Dispensing, and Administration of Medications and Provision of Health Care Products (Approximately 33% of Test)

2.1.0 Employ Various Techniques to Calculate:
2.1.1 Patients’ nutritional needs and the content of nutrient sources
2.1.2 Drug concentrations, ratio strengths, and/or extent of ionization
2.1.3 Quantities of medication to be compounded, dispensed, or administered
2.1.4 Quantities of ingredients needed to compound preparations
2.1.5 Rates of administration
2.2.0 Compound Sterile and Nonsterile Products, Considering:
  2.2.1 Techniques, procedures, and equipment for drug preparation, compounding, and administration of sterile products
  2.2.2 Techniques, procedures, and equipment for drug preparation, compounding, and administration of nonsterile products
  2.2.3 Physicochemical properties of active and inactive ingredients
  2.2.4 Identifying the presence of, and the cause of, product incompatibilities or degradation and methods for achieving stability
  2.2.5 Physicochemical properties of drugs that affect solubility and stability

2.3.0 Review, Dispense, and Administer Drugs and Drug Products, Considering:
  2.3.1 Packaging, labeling, storage, handling, and disposal of medications
  2.3.2 Commercial availability, identification, and ingredients of prescription and non-prescription drugs
  2.3.3 Physical attributes of drug products
  2.3.4 Specific instructions and techniques for administration

NAPLEX Sample Questions

The following are examples of question types that examinees may encounter when taking the NAPLEX. These questions are presented as examples to familiarize examinees with their formats and are not intended to represent content areas on the NAPLEX. Every examinee is presented with the opportunity to take a tutorial at the testing center prior to initiating the NAPLEX. The tutorial instructs examinees on how to respond to all of the types of questions that could be presented on the examination. NABP strongly encourages each examinee to take the tutorial in order to become familiar with how to submit responses in the computer-based examination.

Multiple-Choice Question Format

Which of the following vaccines is contraindicated in immunocompromised patients?

A. Pneumococcal polysaccharide
B. Varicella
C. Meningococcal conjugate
D. Subcutaneous influenza

Multiple-Response Question Format

What counseling information should a pharmacist provide to a patient taking oral tacrolimus?
(Select ALL that apply.)

A. Avoid live virus vaccinations
B. Avoid grapefruit and grapefruit juice
C. If a dose is missed, double up on the next dose
D. Do not drink alcohol while taking this medication
E. Medication levels need to be monitored

Constructed-Response Question Format

Griseofulvin oral suspension contains 125 mg/5 mL. A physician prescribed 250 mg bid for 2 weeks for a patient. How many milliliters of griseofulvin should be dispensed in order to fill this prescription?
(Answer must be numeric; round the final answer to the nearest WHOLE number.)
Ordered-Response Question Format
Rank the following topical corticosteroids from highest to lowest potency.
(ALL options must be used.)

Hot Spot Question Format
Using the diagram below, identify where in the HIV life-cycle maraviroc exerts its mechanism of action.
(Select the text response, and left-click the mouse. To change your answer, move the cursor, select alternate text response, and click.)
The Pre-NAPLEX is the only NAPLEX practice examination assembled and developed by NABP. Candidates who take the Pre-NAPLEX will have a chance to “preview” the NAPLEX experience before examination day.

The Pre-NAPLEX score is intended to provide candidates with information on their performance under pre-testing conditions when answering a subset of test questions similar to those that may be included on the NAPLEX. NABP does not claim that a strong performance on the Pre-NAPLEX indicates a likelihood of passing the NAPLEX.

For added convenience, the Pre-NAPLEX is Internet-based so it can be accessed from any computer with Internet access. The Pre-NAPLEX consists of 100 questions; two forms of the Pre-NAPLEX are available. Candidates can sit for the Pre-NAPLEX at any time on any day. The cost for each Pre-NAPLEX attempt is $65. There are no refunds once the practice examination has been purchased.

Note: You can register for the Pre-NAPLEX via your NABP e-Profile using Visa, MasterCard, or American Express debit or credit cards. There are no refunds once the practice examination has been purchased.

The contents of the Pre-NAPLEX are confidential and protected under applicable intellectual property rights, including copyright laws. All documents, examination questions, answers, and confidential information received from this exam shall remain the exclusive property of NABP. The offering, disclosing, publishing, reproducing, transmitting, receiving without authorization, or making available the Pre-NAPLEX including, but not limited to, examination question format, questions, profiles, and scenarios, in whole or in part, in any form and by any means, whether verbal, written, electronic, or mechanical, for any purpose is prohibited at all times.

Important: If NABP obtains information indicating an examination candidate offered, disclosed, published, reproduced, transmitted, received without authorization, or made available any portion of the Pre-NAPLEX, as described above, in any form to or from individuals, organizations, study groups, or the like, NABP may take actions against the candidate resulting in but not limited to disqualification from the NAPLEX program, civil penalties, and/or criminal proceedings.

Registration Requirements

The Pre-NAPLEX is intended to benefit candidates who are preparing for the NAPLEX. However, anyone who is interested may register and take the Pre-NAPLEX. There are no eligibility requirements to take the Pre-NAPLEX.

Note: Individuals must take the Pre-NAPLEX within seven days of purchasing the exam. Also, once the student begins the exam, it must be completed in that session time.

Examination Questions and Scores

All questions used for the Pre-NAPLEX have previously appeared in the actual NAPLEX. Each of the two forms contains both stand-alone and profile questions based on the same blueprint used for the NAPLEX.

Because the Pre-NAPLEX is designed to perform like the actual NAPLEX, reviewing a completed examination questions and “going back” during the examination is not permitted.

The Pre-NAPLEX, like the NAPLEX, is only administered via computer.

The Pre-NAPLEX is scored similarly to the NAPLEX. Candidates will have the ability to print their score report for their personal records. Pre-NAPLEX scores will not be released to anyone other than the candidate.
The Pre-NAPLEX score is intended to provide you with information on your performance in answering a subset of test questions similar to those you will encounter on the NAPLEX under pre-testing conditions. NABP does not claim that a strong performance on the Pre-NAPLEX predicts passing the NAPLEX.

**Preparation**

To prepare for the Pre-NAPLEX, candidates should, at minimum, review the NAPLEX Competency Statements and the associated skills and knowledge base of an entry-level pharmacist. The NAPLEX Competency Statements can be accessed on page 22 of this *Bulletin*.

**Retaking the Pre-NAPLEX**

Students may take the Pre-NAPLEX up to two times. When registering and paying for the Pre-NAPLEX, the computer randomly delivers one of the two unique forms. If a student chooses to take the Pre-NAPLEX a second time, a different form will be administered.

**Software and Computer Requirements**

To take the Pre-NAPLEX, a computer running either Microsoft Windows 7 or 8/8.1 or Mac OS 10.7 (Snow Leopard) through 10.10 (Yosemite) operating system software is required and must meet the following system requirements:

- Mozilla Firefox 38.0 and higher
- Google Chrome 43.0 and higher
- Internet Explorer 11.0 and higher, with text size set to medium or smaller
- Reliable Internet access (high-speed connection preferred for optimal performance)
- Access to a printer for score reports

**Note:** Because wireless Internet routers may fail, NABP recommends using a direct Internet connection while taking the Pre-NAPLEX.
What Is the MPJE?

The MPJE is a 90-question computer-based examination that uses adaptive technology to deliver selected-response test questions. Of the 90 delivered questions, 75 are operational and will be used to calculate your score. The remaining 15 questions are pretest questions and will not count toward your MPJE score. Pretest questions are included on all MPJE examinations and are administered to evaluate their appropriateness for possible inclusion in future examinations. The pretest questions are dispersed throughout the examination and cannot be identified by the candidate. The total testing time for the MPJE is two hours.

In cooperation with participating state boards of pharmacy, the MPJE is uniformly developed, administered, and scored under policies and procedures developed by NABP. The content of the MPJE is approved by boards of pharmacy, practitioners, and educators from around the country through their service as MPJE Review Committee members, item writers, and board of pharmacy representatives.

All candidates are tested on their mastery of pharmacy law as outlined in the MPJE Competency Statements. Each participating state board of pharmacy approves those questions that are specific to the federal and state laws of the jurisdictions in which candidates are seeking licensure. Candidates must take a separate examination for each state or jurisdiction in which they are seeking licensure.

Effective April 15, 2016, the number of MPJE examination items will increase from 90 to 120. Of the 120 items, 100 will be used to produce a score for the MPJE and 20 will be non-scored or pretest items. The increase in the number of questions will ensure testing across all of the content areas. Maximum testing time for the examination will increase from two hours to two and a half hours. The appointment time with the vendor, Pearson VUE, will be three hours to allow for time to read and agree to the confidentiality/non-disclosure agreement, tutorial, and post-exam survey. To account for the additional seat time and exam development, the MPJE registration fee will increase from $210 to $250. The MPJE will be assembled under the new competency statements and content area domain allocations. See pages 4-5 for information regarding the fee increase and registration deadlines.

The MPJE Test Design

The examination is assembled as you answer questions, using information recorded and completed during the examination to influence the composition of the remainder of the examination.

When you respond to computer-selected MPJE questions, the adaptive technology will assess your answers and use that information to select your next test question. The computer will then select a question suited to your estimated ability level from the test’s question pool. Your ability level will be estimated from a combination of your responses (right and wrong answers) and the attributes of the questions that you were assigned.

The format of the examinations requires that all test questions be answered in the order in which they are presented. You will not be allowed to skip a question or return to a previous question to review your answer. Once you have confirmed an answer choice and moved on to the next question, you cannot return to the previous question to change your answer.

The passing scaled score for MPJE is 75. The minimum scaled score you can earn is zero and the maximum is 100.

See page 33 for more information on score results.
Note: You cannot change an answer once you have confirmed an answer choice or go back and review a question once you have moved on to the next question.

You must answer all questions in the order in which they are presented, and you may not skip a question.

MPJE Competency Statements

The MPJE Competency Statements provide a blueprint of the topics covered on the examination. They offer important information about the knowledge, judgment, and skills you are expected to demonstrate while taking the MPJE. A strong understanding of the Competency Statements will aid you in your preparation to take the examination.

Your formal education, training, practical experience, and self-study prepare you for the MPJE. The MPJE has been designed to assess how well you apply your knowledge, skills, and abilities to evaluate situations involving the applicable federal and state laws and regulations that govern the practice of pharmacy in the state in which you are seeking licensure. Additional information may also be obtained from the state board of pharmacy where you are seeking licensure.

NABP has revised the MPJE competency statements. The current statements are below. The new statements will go into effect April 15, 2016, and are available under MPJE in the Programs section of the NABP website (www.nabp.net).

Note: No distinction is made in the examination between federal and state jurisprudence questions. You are required to answer each question in terms of the prevailing laws of the state in which you are seeking licensure.

Area 1 Pharmacy Practice
(Approximately 84% of Test)

1.01.00 Identify the legal responsibilities of the pharmacist and other pharmacy personnel.
1.01.01 Identify the unique legal responsibilities of the pharmacist-in-charge (or equivalent), pharmacists, interns, and the owner of a pharmacy such as, the theft and/or loss of prescription drugs; the destruction/disposal of prescription drugs; and the precedence of state, federal, or local requirements.
1.01.02 Identify the qualifications, scope of duties, and conditions for practice of pharmacy technicians and all other non-pharmacist personnel, including such topics as personnel ratios and duties.

1.02.00 Identify the requirements for the acquisition and distribution of pharmaceutical products, including samples.
1.02.01 Identify the requirements for ordering or obtaining pharmaceuticals, including controlled substances, from a supplier of pharmaceuticals or other sources, including the content and maintenance of records of acquisition in pedigrees.
1.02.02 Identify the requirements for distributing a pharmaceutical product, including the content and maintenance of records of distribution. This addresses who may legally possess pharmaceutical products, (including drug samples), product labeling, packaging, repackaging, compounding, and sales to practitioners.

1.03.00 Identify the legal requirements that must be observed in the issuance of a prescription/drug order.
1.03.01 Identify those pharmaceutical products for which a prescription/drug order is required and the limitations on their respective therapeutic uses.
1.03.02 Identify the scope of authority, scope of practice, and valid registration of all practitioners who are authorized under law to prescribe, dispense, or administer pharmaceutical products, including controlled substances. This addresses, but is not limited to federal and state registrations; methadone programs; office-based opioid treatment programs; regulations related to retired or deceased prescribers; Internet prescribing; limits on jurisdictional prescribing; and prescriber/patient relationships.
1.03.03 Identify the conditions under which the pharmacist participates in the administration of pharmaceutical products, or in the management of patients’ drug therapy, which may include prescriptive authority, collaborative practice, consulting, counseling, and vaccine administration.
1.03.04 Identify the requirements for issuing a prescription/drug order, including content and format for written; telephonic voice transmission; electronic facsimile; computer and Internet; during emergency conditions and via tamper-resistant prescription forms.

1.03.05 Identify special requirements for the issuance of controlled substance prescriptions/drug orders, including content and format for written; telephonic voice transmission; electronic facsimile; computerized and Internet; during emergency conditions; conditions for changing a prescription; time limits for dispensing initial prescriptions/drug orders; and requirements for multiple Schedule II prescription orders.

1.03.06 Identify the limits of a practitioner's authority to authorize refills of a pharmaceutical product, including controlled substances.

1.04.00 Identify the procedures necessary to properly dispense a pharmaceutical product, including controlled substances, pursuant to a prescription/drug order.

1.04.01 Identify responsibilities for determining whether prescriptions/drug orders were issued for a legitimate medical purpose and within all applicable legal restrictions, addressing such issues as corresponding responsibility; maximum quantities; and restricted distribution systems.

1.04.02 Identify the requirements for the transfer of existing prescription/drug order information from one pharmacist to another.

1.04.03 Identify the conditions under which a prescription/drug order may be filled or refilled. This includes but is not limited to emergency fills or refills; partial dispensing of controlled substances; declarations of disaster or emergency; patient identification; requirements for death with dignity; medical marijuana; and conscience/moral circumstances.

1.04.04 Identify the conditions under which prospective drug use review is conducted prior to dispensing a prescribed pharmaceutical product for appropriate patients. This includes the requirements for documentation, such as those for patient profiles.

1.04.05 Identify the conditions under which drug product selection is permitted or mandated; addressing consent of the patient and/or prescriber; passing on of cost savings; and documentation of the product dispensed.

1.04.06 Identify the requirements for the labeling of pharmaceutical products dispensed pursuant to a prescription/drug order, including such things as generic and therapeutic equivalency; formulary use; auxiliary labels; patient package inserts; Food and Drug Administration medication guides; and written drug information.

1.04.07 Identify the requirements for the appropriate packaging of pharmaceutical products dispensed pursuant to a prescription/drug order, including such things as child-resistant and customized patient medication packaging.

1.04.08 Identify the conditions under which a pharmaceutical product could not be dispensed, including conditions as in adulteration; misbranding; and dating.

1.04.09 Identify the requirements for compounding pharmaceutical products.

1.04.10 Identify the requirements for emergency kits, including such things as supplying; maintenance; access; security; and inventory.

1.04.11 Identify the regulations regarding the return and/or reuse of pharmaceutical products, addressing such issues as charitable programs; cancer or other repository programs; previously dispensed; and from "will call" areas of pharmacies.

1.04.12 Identify procedures and requirements for systems or processes whereby a non-pharmacist may obtain pharmaceutical products, addressing such issues as Pyxis (vending); after hour’s access; telepharmacies; and secure automated patient drug retrieval centers.

1.04.13 Identify procedures and requirements for establishing and operating central processing and central fill pharmacies, addressing, among other things, remote order verification.

1.05.00 Identify the conditions for making an offer to counsel or counseling appropriate patients, including the requirements for documentation.

1.05.01 Identify the requirements to counsel or make an offer to counsel.

1.05.02 Identify the requirements to maintain documentation of counseling.

1.06.00 Identify the requirements for the distribution and/or dispensing of nonprescription pharmaceutical products, including controlled substances.

1.06.01 Identify the requirements for the labeling of nonprescription pharmaceutical products.

1.06.02 Identify the requirements for the packaging and repackaging of nonprescription pharmaceutical products.
1.06.03 Identify the requirements for the distribution and/or dispensing of poisons, restricted, nonprescription pharmaceutical products, and other restricted materials or devices including but not limited to pseudoephedrine, dextromethorphan, emergency contraception, and behind the counter products as appropriate.

1.07.00 Identify the proper procedures for keeping records of information related to pharmacy practice, pharmaceutical products and patients, including requirements for protecting patient confidentiality.

1.07.01 Identify the requirements pertaining to controlled substance inventories.

1.07.02 Identify the content, maintenance, storage, and reporting requirements for records required in the operation of a pharmacy, including, but not limited to, prescription filing systems; computer systems and backups; and prescription monitoring programs.

1.07.03 Identify requirements for protecting patient confidentiality, including Health Insurance Portability and Accountability Act requirements.

Area 2 Licensure, Registration, Certification, and Operational Requirements (Approximately 13% of Test)

2.01.00 Identify the qualifications, application procedure, necessary examinations, and internship requirements for licensure, registration, or certification of individuals engaged in the storage, distribution, and/or dispensing of pharmaceutical products (prescription and nonprescription).

2.01.01 Identify the requirements for special or restricted licenses, registrations, authorizations, or certificates for pharmacists, pharmacist preceptors, pharmacy interns, pharmacy technicians, controlled substance registrants, and under specialty pharmacist licenses (nuclear, consultant, etc).

2.01.02 Identify the standards of practice for the practice of pharmacy, including, but not limited to quality assurance programs, including peer review; changing dosage forms; therapeutic substitution; error reporting; public health reporting requirements, such as notification of potential terrorist event, physical abuse, and treatment for tuberculosis; and issues of conscience and maintaining competency.

2.01.03 Identify notification requirements pertaining to their license to practice pharmacy.

2.01.04 Identify the requirements for the renewal or reinstatement of an individual’s licensure, registration, or certification.

2.01.05 Identify the reasons for classifications and processes of disciplinary actions that may be taken against a registered, licensed, certified, or permitted individual.

2.01.06 Identify the requirements for reporting to, and participating in, programs addressing the inability of an individual licensed, registered, or certified by the board to engage in the practice of pharmacy with reasonable skill and safety, by reason of impairment caused by the use of alcohol, drugs, chemicals, or other materials or mental, physical, or psychological conditions.

2.02.00 Identify the requirements and application procedure for the registration, licensure, certification, or permitting of a practice setting or business entity.

2.02.01 Identify the requirements for registration, license, certification, or permitting of a practice setting, including but not limited to, in-state pharmacies; out-of-state pharmacies; specialty pharmacies; controlled substance registrants; wholesalers; distributors; manufacturers/repackagers; computer services providers; and Internet pharmacies.

2.02.02 Identify the operational and notification requirements for changes to the facility or changes in the application for licensure, registration, certification, or permit of a practice setting such as in remodeling; renaming; change of ownership; moving; and closing.

2.02.03 Identify the requirements for an inspection of a licensed, registered, certified, or permitted practice setting.

2.02.04 Identify the requirements for the renewal or reinstatement of a license, registration, certificate, or permit of a practice setting.

2.02.05 Identify the reasons for classifications and processes of disciplinary actions that may be taken against a registered, licensed, certified, or permitted practice setting.

2.03.00 Identify the operational requirements for a registered, licensed, certified, or permitted practice setting.

2.03.01 Identify the requirements for the operation of a pharmacy or practice setting that are not directly related to the dispensing of pharmaceutical products. This includes, but is not limited to, issues related to space; equipment; advertising and signage; security, including temporary absences of the pharmacist; policies and procedures; libraries; and the display of licenses.
2.03.02 Identify the requirements for the possession, storage, and handling of pharmaceutical products, including controlled substances. This includes, but is not limited to, investigational new drugs; repackaged or resold drugs; sample pharmaceuticals; recalls; and outdated pharmaceutical products.

2.03.03 Identify the requirements for delivery of pharmaceutical products, including controlled substances. This includes, but is not limited to, issues related to identification of the person accepting delivery of a drug; use of the mail; contract delivery; use of couriers; use of pharmacy employees; use of kiosks, secure mail boxes, and script centers; use of vacuum tubes; and use of drive-up windows.

**Area 3 Regulatory Structure and Terms (Approximately 3% of Test)**

3.01.00 Identify the purpose of, and the terms and conditions found in, the laws and rules that regulate or affect the manufacture, storage, distribution, and dispensing of pharmaceutical products (prescription and nonprescription), including controlled substances.

This includes such things as the Food, Drug, and Cosmetic Act(s) and Regulations; the Controlled Substances Act(s) and Regulations; OBRA 90’s Title IV Requirements; Practice Acts and Rules; other statutes and regulations, including but not limited to, dispensing of methadone, child-resistant packaging, tamper-resistant packaging, drug paraphernalia, drug samples, pharmacist responsibilities in Medicare-certified skilled-nursing facilities; National Drug Code numbers; and schedules of controlled substances.

3.02.00 Identify the authority, responsibilities, and operation of the agencies or entities that enforce the laws and rules that regulate or affect the manufacture, storage, distribution, and dispensing of pharmaceutical products (prescription and nonprescription), including controlled substances.

**MPJE Sample Questions**

The following are examples of question types that examinees may encounter when taking the MPJE. These questions are presented as examples to familiarize examinees with their formats and are not intended to represent content areas on the MPJE. Every examinee is presented with the opportunity to take a tutorial at the testing center prior to initiating the MPJE. The tutorial instructs examinees on how to respond to all of the types of questions that could be presented on the examination. NABP strongly encourages each examinee to take the tutorial in order to become familiar with how to submit responses in the computer-based examination.

**Multiple-Choice Question Format**

How many total continuing pharmacy education hours are required to be completed upon the second renewal of a pharmacist’s license in this jurisdiction?

- A. 15
- B. 20
- C. 25
- D. 30
- E. 40

**Multiple-Response Question Format**

Which of the following medications are classified as Schedule II controlled substances in this jurisdiction? (Select ALL that apply.)

- A. Strattera
- B. Lisdexamfetamine
- C. Meprobamate
- D. Amphetamine
- E. Dexmethylphenidate
**Ordered-Response Question Format**

Place the following in the order in which they would expire according to federal regulations, starting with the earliest.

*(ALL options must be used.)*

Left-click the mouse to highlight, drag, and order the answer options.

<table>
<thead>
<tr>
<th>Unordered Options</th>
<th>Ordered Response</th>

</tbody>
</table>
**NAPLEX Score Results**

The NAPLEX is the means by which boards of pharmacy assess the competence of candidates for licensure. Any other use of individual NAPLEX scores is inappropriate and is not condoned by NABP. By applying to take the NAPLEX, you authorize NABP to release your test scores to your designated board of pharmacy. NABP will forward your NAPLEX score to the board(s) of pharmacy from which you are seeking licensure, as well as to any state that you have requested receive your scores by score transfer, unless NABP has withheld, invalidated, or canceled your NAPLEX score, as described in the Bulletin.

The minimum acceptable passing score on the NAPLEX scale is 75. The passing score reported is not a percentage value.

To receive a test score, you must have completed at least 162 questions on the examination. Candidates completing less than 162 questions will not have their scores reported. Candidates who complete at least 162 questions, but fewer than 185 questions, will have a penalty applied and their scores adjusted to reflect the number of questions that remained unanswered. Therefore, it is in the candidate’s best interest to answer all questions presented.

NABP uses a mathematically based weighted scoring system to calculate an ability measure for each examinee. These ability measures are transformed to a reporting scale that ranges from 0 to 150. Scaled scores do not represent the raw number of correct answers and should not be interpreted as such.

The score is calculated by first determining the candidate’s ability level on the NAPLEX and then whether the score has met the minimum passing standard established for the NAPLEX.

The passing standard has been established by a panel of pharmacy experts, and the ability level that defines the passing standard is the same for all NAPLEX administrations.

**MPJE Score Results**

The MPJE is the means by which boards of pharmacy assess pharmacist licensure candidates’ knowledge of pharmacy jurisprudence. Any other use of individual MPJE scores is inappropriate and is not condoned by NABP. By applying to take the MPJE, you authorize NABP to release your test scores to the designated boards of pharmacy. NABP will forward your MPJE score to the board of pharmacy from which you are seeking licensure unless NABP has withheld, invalidated, or canceled your MPJE score, as described in this Bulletin.

By applying to take the MPJE, you authorize NABP to release your test scores to the designated boards of pharmacy.

To receive an MPJE test score, you must have completed at least 107 questions on the examination. Candidates completing fewer than 107 questions will not have their scores reported. Candidates who complete at least 107 questions, but fewer than 120 questions, will have a penalty applied and their scores adjusted to reflect the number of questions that remained unanswered. Therefore, it is in the candidate’s best interest to answer all questions presented. The minimum acceptable passing score on the MPJE scale is 75. The passing score reported is not a percentage value.

NABP uses a mathematically based weighted scoring system to calculate an ability measure for each examinee. These ability measures are transformed to a reporting scale that ranges from 0 to 100. Scaled scores do not represent the raw number of correct answers and should not be interpreted as such.
The score is calculated by first determining the candidate’s ability level on the MPJE and then determining whether the score has met the MPJE passing standard. The passing standard has been established by a panel of pharmacy experts and is the same for all candidates for licensure. Candidates will receive a score or an official score report for the MPJE directly from their boards of pharmacy. Because the MPJE is unique to the state or jurisdiction in which you seek licensure, it is not possible to transfer your MPJE score to another state.

Note: Only the individual boards of pharmacy have the authority to issue a license to practice pharmacy. The posting by NABP of a passing score on an examination does not constitute a license to practice pharmacy. Boards will not accept examination scores posted online by NABP for purposes of score transfer or obtaining licensure. Online score reports are for candidate use only.

**NAPLEX and MPJE Score Review**

On occasion, a candidate may believe that the score reported is not accurate. Please note that prior to the release of NAPLEX or MPJE scores to the boards of pharmacy, all scores are carefully verified with an independent scoring tool to ensure the validity of the score. It is extremely unlikely that a score will be changed through the review process. However, should a candidate request to have a NAPLEX or MPJE score reviewed, they must do so within 60 days of the date that scores are released to the respective board of pharmacy. The request must be submitted in writing and be accompanied by the score review fee. In your written request you must include your name, NABP e-Profile number, address, and phone number. You will be informed in writing of the score review results within two to four weeks. The fee for the NAPLEX or MPJE score review is $100 per examination. The fee must be submitted in the form of a money order, bank draft, or a certified check payable to the National Association of Boards of Pharmacy or NABP.

The rescore process includes a manual inspection of the examinee’s test session, which includes but is not limited to the following: answer patterns, time spent to respond to items, performance on scored versus non-scored items, and performance on various item formats. Upon verification that the exam was delivered as intended and that no technical anomaly occurred during the test session, the candidate’s score is recomputed via an independent scoring tool. The rescore process does not include the review of item content.

**Score Holds/Psychometric Review Process**

On occasion, a candidate’s score will be placed on hold for further evaluation. Test scores may be subject to a hold as part of NABP’s routine quality control and assurances processes. Tests are evaluated to ensure compliance with delivery and scoring models. Test scores may also be held as a result of an incident reported at the testing center or an observed difference in a candidate’s performance on two or more examination attempts, or if a candidate’s score is unusually low. In the event of a score hold, NABP will notify the respective board of pharmacy and the candidate within seven business days. Should you receive notification of a score hold, there will be explicit instructions regarding the action that you need to take in order to respond to NABP’s inquiries. All inquiries regarding score holds should be addressed to NABP_comp_assess@nabp.net.

**Retake Policy**

Effective March 1, 2013, candidates will be limited to five attempts to pass the NAPLEX and MPJE. Candidates who have attempted to pass the exams five or more times by March 1, 2013, will be permitted one more opportunity to pass the examinations upon approval from a board of pharmacy. Candidates who have attempted to pass the exams fewer than five times by March 1, 2013, will be subject to the new five-attempt limit. Failure to finish an exam is counted as an attempt.

MPJE candidates will have five opportunities (if approved by the board) per jurisdiction or state to pass the exam. For example, a candidate may attempt to pass the MPJE in State A five times and will also have five attempts for State B.
Some exceptions may apply, as NABP member boards retain the authority to determine the number of attempts per candidate in their jurisdiction. If you have any questions, or require more information about the five-attempt limit, please contact NABP Customer Service, Monday through Friday, 9 AM to 5 PM Central Time, at 847/391-4406, or by email at custserv@nabp.net.

See page 19 for more information on score cancellations.

Waiting Periods

Candidates who fail or do not complete the NAPLEX must wait 91 days before another attempt. For the MPJE the waiting period is 30 days between attempts.

Contact the state board of pharmacy for which you are seeking licensure regarding additional waiting periods.

Candidates who miss a scheduled testing appointment without following the cancellation procedure forfeit testing fees and may have to wait up to five business days after the scheduled appointment to pay a resitting fee and receive a new ATT (see “Resitting After a Missed/Canceled Appointment, page 7).
NAPLEX Score Transfer Program

NABP's NAPLEX Score Transfer Program allows you to transfer your NAPLEX score to additional jurisdictions in which you wish to obtain a license to practice pharmacy. If you participate in the Score Transfer Program and fulfill all other requirements for licensure in the jurisdiction to which you transfer your score, you will be awarded a license by examination.

The Score Transfer Program differs significantly from NABP's Electronic Licensure Transfer Program® (e-LTP™), which is a reciprocity service NABP provides for licensed pharmacists. Unlike score transfer, licensure transfer does not permit you to attain a license by examination in another jurisdiction. Instead, your license in the jurisdiction is considered a license by licensure transfer.

Please note that the validity period of the score transferred varies from state to state. You are encouraged to contact the board where your score was transferred for additional information.

Score Transfer Process

To be eligible for NAPLEX Score Transfer, candidates must register using the NAPLEX/MPJE online application. Candidates may submit a score transfer request up to 90 days from the exam date (the day of the exam is considered day one). This provides candidates with three opportunities for submitting a score transfer request:

- Apply during the initial registration process,
- Log in to the online registration anytime before sitting for the exam to request score transfer, or
- Submit a score transfer request up to 90 days after taking the examination by logging in to your e-Profile.

⚠️ Important: If you have requested to change your NAPLEX state or if you have registered to resit for your examination after missing your scheduled NAPLEX appointment, you will be required to contact NABP Customer Service in order to add a score transfer up to 90 days after your examination.

Candidates requesting score transfers must complete all the examination requirements that are required by the primary jurisdiction for licensure, including any locally administered examinations. Primary jurisdictions can refuse to allow a candidate's score to be transferred if the candidate does not complete all of the jurisdiction's examination requirements.

Candidates may also be required to travel to the score transfer jurisdiction upon notice from the board to take any locally administered examination necessary to complete the score transfer process for licensure. Candidates should contact the board of pharmacy from which they are seeking licensure by score transfer before applying in order to determine the jurisdiction's licensure requirements.

Score transfers will be processed whether you pass or fail the NAPLEX. If you wish to transfer your score, an online score transfer registration and fee must be submitted every time you register to take the NAPLEX. Score transfers pertain to NAPLEX scores only.

⚠️ Important: If you are score transferring to Utah, note that to become eligible to sit for the Utah MPJE, candidates must complete and submit a NAPLEX/MPJE Eligibility Request Form to NABP. There is an $85 processing fee.
NAPLEX Score Transfer Fee

The NAPLEX score transfer administrative fee charged by NABP is $75 per jurisdiction. Registration and payment for score transfers may be submitted up to 90 days after taking the examination. When registering for a score transfer online, fees must be paid with Visa, MasterCard, or American Express debit or credit cards.

Refunds for score transfer fees will not be provided to candidates. Before you take the NAPLEX, you may change your score transfer state free of cost. However, you may not request a change of state after you take the examination. To change the state you selected for score transfer, provide the following:

- Your name, date of birth, and mailing address
- NABP e-Profile ID (located in the top right corner when logged in to your NABP e-Profile)
- Original state requested for score transfer
- State you wish to change your score transfer to

Send your request using one of the following:

Mail: NABP
Competency Assessment
1600 Feehanville Dr
Mount Prospect, IL 60056

Email: NABP_Comp_Assess@nabp.net

Fax: 847/391-4502

Participating Score Transfer Jurisdictions

All 50 states, the District of Columbia, Guam, Puerto Rico, and the Virgin Islands currently participate in the NAPLEX Score Transfer Program. Contact the score transfer jurisdiction directly for current board licensing fees and updated participation information. Some jurisdictions may require payment for examination materials in addition to the score transfer fees.
## NAPLEX/MPJE Contacts

### Contacts for Your Questions

The following table provides you with contact information in the event you have questions about the examination programs or procedures.

### Candidate Comments

NABP constantly evaluates the examinations and, therefore, is open to and appreciative of your constructive comments. Immediately after your examination ends, any comment or complaint about any matter related to the examinations can be made in the comment section of the exit survey.

You may also send your comments about the test center or questions on your examination via mail to NABP at 1600 Feehanville Dr, Mount Prospect, IL 60056, or via email at custserv@nabp.net.

### Report Exam Misconduct or Irregularities

NABP examinations are administered under strict security measures, and information on suspected examination misconduct or irregularities, acts of unethical behavior, and breaches of security can be reported to NABP through the website or by contacting Customer Service at 847/391-4406.

Incidents that compromise the content of any NABP examinations can be submitted anonymously, or, to further discuss the incident with NABP staff, include personal contact information when submitting the report. Reports of suspected misconduct or irregularities are treated confidentially and are fully investigated in support of NABP’s commitment to ensuring the integrity and reliability of its examinations.
Appendix A

NABP/MPJE Online Registration Glossary

Available Actions: When you are logged in to your NABP e-Profile, links that appear in the Available Actions column under “My Active Registrations” and “My Registration History” allow you to change, cancel, or make requests regarding previously submitted exam registrations. These options are unique to where you are in the registration process, meaning the only options that appear are those that you are eligible to perform.

- **Add Score Transfer:** You may transfer your score to additional boards of pharmacy up to 90 days after taking the NAPLEX.
- **Cancel Score Transfer:** You may cancel a previously submitted NAPLEX Score Transfer request. There are no refunds issued for canceled score transfers.
- **Change Primary Jurisdiction:** You may change your previously designated Primary Jurisdiction. The fee is $50. Requests for change of jurisdiction must be made more than two business days before a scheduled examination. A change of Primary Jurisdiction made within two business days of a scheduled examination appointment will result in NABP denying the request and forfeiture of the fee.
- **Cancel Registration Request:** You may request cancellation of a previously submitted exam registration. Registrants who cancel will receive a partial refund of the registration fee. If you have a scheduled examination appointment with Pearson VUE, you must contact Pearson VUE to cancel at least two business days before the scheduled appointment. Refunds will not be issued if the request is received after your eligibility expires or if you missed the scheduled testing appointment.
- **Resit:** If you miss your scheduled testing appointment, you may request a resit (an opportunity to take the missed test at a future date).

Status: When you are logged in to your NABP e-Profile, the information that appears in the Status column under “My Active Registrations and “My Registration History” provides you with the current standing of your current and past exam registrations.

- **Application Received:** NABP has received your application and will submit it to the board of pharmacy you designated in the registration process.
- **Eligibility Requested:** Your registration has been received, but NABP has not yet been informed of a decision regarding your eligibility to take the examination or assessment from the appropriate entity. *NAPLEX/MPJE candidates:* Please note that if you have not been made eligible by a board of pharmacy within two years of the date you initially registered with NABP your record will be closed and your fees will be forfeited.
- **Eligibility Granted:** The appropriate entity has determined that you are eligible to take the examination or assessment. *NAPLEX/MPJE candidates:* Please see page 11 of this bulletin for details on receiving an Authorization to Test (ATT) letter and other important information about next steps. *PCOA candidates:* Your school/college of pharmacy will provide details on the administration of the assessment.
- **Eligibility Denied:** The board of pharmacy has determined that you are not eligible to take the exam. Contact the board of pharmacy for which you intended to take the exam.
- **Eligibility Revoked:** The board of pharmacy has notified NABP that your previously granted eligibility is no longer valid.
• **ATT Generated:** You will soon receive an ATT letter along with information about next steps in the registration process. Once you receive your ATT, you may schedule your examination at Pearson VUE by visiting [www.pearsonvue.com/nabp](http://www.pearsonvue.com/nabp).

• **Registration Closed:** Your registration is no longer active.

• **Registration Closed: Eligible to Resit:** Scheduled examination was not taken but you may request a resit (an opportunity to take the missed test at a future date) for a fee. The board of pharmacy makes the final decision as to if you will be allowed to resit.

• **Registration Expired:** If a board has not granted eligibility within two years after the original registration date, the registration automatically expires.

• **Registration Under Review:** If you have registered for a change of primary jurisdiction and already have an open registration associated with an ATT, NABP must review your request to change primary jurisdiction before a new ATT can be generated.

• **Registration Withdrawal Requested:** Your request to cancel a previously submitted registration has been received.

• **Registration Withdrawn:** Your request to withdraw your registration has been accepted and your registration has been canceled.
