

PRSI

Pharmacy Research Summer Interns

Student Application

PRESBYTERIAN COLLEGE
SCHOOL of PHARMACY

New discoveries are made one student at a time!

Summer 2019 (June 3-July 26)

Presbyterian College School of Pharmacy (PCSP) has created the Pharmacy Research Summer Interns (PRSI) program to enrich the academic experience of pharmacy students through research opportunities in pharmacy practice, pharmaceutical administration, pharmaceuticals, and biomedical sciences. The PRSI program enables students to build faculty mentoring relationships, professional research experience, and to creatively explore their interests at a more in-depth level than can be attained in the classroom. The PRSI program provides opportunities for pharmacy students to build a competitive edge in the job market.

Each intern receives a **\$3,000 stipend** for **8 weeks** of full time faculty-mentored research at PCSP. Students are responsible for their own housing. This highly competitive program runs from **June 3-July 26, 2019**. Selection is based on the student's previous academic success, their interest in Pharmacy research, and the matching of student research interests with a participating faculty at PCSP.

Eligibility

- Presbyterian College School of Pharmacy Students (PCSP) who are not enrolled in a course (including rotations) during the summer term
- Good academic and professional standing with PCSP (no academic or judicial probation)
- Have not been awarded a previous PRSI (awarded only once per student)
- Any questions contact: Dr. Erika Tillery, etillery@presby.edu

Application process

- Complete the attached **application**
- Include a **letter of intent** describing your desire to participate in the **PRSI program** and what you hope to accomplish (300-500 words)
- Attach an unofficial transcript
- Attach CV or resume
- E-mail documents as a single PDF file to: etillery@presby.edu by **March 1, 2019** (5 pm EST)

DEADLINE FOR APPLICATIONS: March 1, 2019

ANNOUNCEMENT OF AWARDS: April 1, 2019

PRSI

Pharmacy Research Summer Interns

Student Name (First, Last): _____

E-mail: _____

Address: _____

Academic Year (P1-P3): _____

If awarded:

May we post/share your name, college, and project information for advertising/marketing purposes?

_____ YES _____ NO

Are you aware that this is a **full-time position** and **you should not be working** another job or **taking summer classes** from Mon-Fri of the 8-week research project? _____ YES _____ NO

Indicate your top 3 research projects/faculty mentor below. Rank your preferences in terms of your priorities from 1 to 3.

1. _____

2. _____

3. _____
